"I am 37 years old and have faced infertility for years. Last year someone recommended Aspire Fertility and for the first time in years we had a ray of hope. Then came the financial burden of IVF and I started to panic again until they told me about WIN. Once I was connected with WIN, I was educated on their bundle package and cost, which turned out to be cheaper than paying straight to the facility. If it wasn't for WIN, we wouldn't have had the opportunity to go through IVF for our miracle...now we have the most adorable baby girl!"
